B324 Broad Spectrum Resin Ribbon Receives UL® Approval on Eleven 3M™ Performance Label Stocks

Breaking News...

ITW Thermal Films is pleased to announce that its B324 Broad Spectrum Resin Ribbon has received Underwriters Laboratories (UL) approval on *eleven* 3M Performance Label Stocks (for the complete list of products [click here](#))! This prestigious UL accreditation on 3M Performance Label Stocks provides further validation to B324's versatility and functionality since its introduction a short time ago. B324 is formulated to provide excellent abrasion and solvent resistance on a wide variety of labeling applications including automotive, medical device, pharmaceutical, electronics and chemical drum to name a few.

ITW Thermal Films continues to offer its customer's Performance Through Simplicity™, with its B324 Broad Spectrum Resin Ribbon that offers superior performance on a wide range of synthetic and paper stocks. Simplifying the selection process, ITW Thermal Films saves you time and makes it easy to find the TTR solution that's right for all your labeling applications – all from a single source supplier.

For more information on B324 or any other ITW Thermal Films TTR product, please send an e-mail to info@itwthermalfilms.com, or call Toll Free at 877-TTR-FILMS (877-887-3456).

List of 3M™ Performance Label Stocks UL® Approved with B324 include:

- 7815 - Matte White Polyester 310 Adhesive for Thermal Printing
- 7816 - Gloss White Polyester 310 Adhesive for Thermal Printing
- 7818 - Matte Silver Polyester 310 Adhesive for Thermal Printing
- 7868 - Gloss White Polyester 350 Adhesive for Thermal Printing & Adhesion to Smooth LSE Substrates
- 7871 - Gloss White Polyester 350 Adhesive for Thermal Printing & Adhesion to Textured LSE Substrates
- 7875 - Platinum Silver Polyester 310 Adhesive for Thermal Printing
- 7246 - Matte White Polyester with TT3 Topcoat for Automotive Chemical & Abrasion Resistance
- 7247 - Matte Silver Polyester with TT3 Topcoat for Automotive Chemical & Abrasion Resistance
- OFM0340L - Gloss White Polyester with P1400 Adhesive
- OFM0240L - Matte Silver Polyester with P1400 Adhesive
- OFM0280L - Bright Silver Polyester with P1400 Adhesive
